

All about males

We are strong,
We are wise,
We belong,
We arise,
We are blessed,
We are best,
We create,
Simply great,
We bring light
To all height,
Amidst glory —
Still a story,
lies beneath
spreads a sheath
Deeper down
With a frown
a face shows,
As it glows,
Asks —
“Meandering roads
for all the hoards
converge humbly
not as numbly
at the altar —
Not to falter
Not to worship
But to hardship
Now you may
So to say
show an icon
of respect —
To the beacon
of prospect
for all men —
Eternal heaven
We are Women.
